## PROJECT EXPERIENCE

### **Blogz** — LaunchCode LC101 Project

- Built a functional blog with user sign-in and persistence.
- Utilized Python, Flask and MySQL
- 

## WORK EXPERIENCE

### **Book Seller**, Half Price Books, University City, MO, November 2018 – Present

- Shelled books, assisted customers, and assisted with the daily maintenance of the store.
- Purchased used books from customers based on Half Price Books sales history, and processed and priced used merchandise to be sold on location.

### **Staff Writer**, Kill Screen, Remote, April 2016 – January 2017

- Wrote daily articles on a timely basis for online publication.
- Interviewed artists and developers.
- Coordinated with writers and editors in a remote workspace to meet individual and collaborative deadlines for the Kill Screen print publication.

### **Shelver**, University City Public Library, St. Louis, MO, May 2015 – August 2016

- Organized, alphabetized and shelved books.
- Worked with library staff and local children throughout the duration of the University City Summer Reading Program.

## EDUCATION

**LaunchCode**, LC101 Programming Course — 2019

**American University**, B.A. History — 2018
